

Phonak Audéo™ B

Product information

Phonak Audéo B is the comprehensive RIC portfolio for mild to severe hearing losses. Phonak Audéo B includes six designs, three external receivers and four performance levels, including a noise generator for tinnitus management. Powered by the innovative technology of the Phonak Belong platform, Phonak Audéo B hearing aids are the ideal solution for those clients that prefer best hearing performance in flexible and discreet RIC housings.

Working current (mA)			1.3	1.3	1.3	2.0	

¹ IP68 indicates that the hearing aid is water resistant and dust tight. It survived continuous immersion in 1 meter of water for 60 minutes and 8 hours in a dust chamber as per the IEC60529 standard. No traces of dust were evident within the housing.

² Actual battery life also depends on hearing loss, battery age and sound environment.

³ Actual charge time depends on the remaining battery life, but it will not exceed 3 hours.

Note: The UltraPower xReceiver (xUP) is not compatible with Phonak Audéo B-10.

Phonak Audéo B-R charging options

Phonak Charger Case RIC
The Phonak Charger Case is a charger, drying kit and protective hard case all in one. Additionally, it includes a cleaning tool in the robust and splash-proof housing designed for two Audéo B-R hearing aids.

Phonak Power Pack
For charging Phonak Audéo B-R on the go, the Phonak Power Pack can be easily attached to the bottom of the Phonak Charger Case. It provides power for 7 full charges of two Audéo B-R hearing aids.

Phonak Mini Charger RIC
The Phonak Mini Charger is a compact charger for two Audéo B-R hearing aids.

Please refer to the technical data sheet for the Phonak Charger Case, Phonak Power Pack and Phonak Mini Charger for further information.
